

OPPOSITION RAPIDLY COMING TO SURFACE

HINTS THAT SOME OF PROVINCE'S SUPPORTERS MAY BOLT

Friends of Candidate Profess no Alarm—Republican Caucus Conference Make Statement Regarding Negotiations With the Seventeen "Wets"—Browne, Confident of Success.

Springfield, Ill., Jan. 22.—The third week of the forty-ninth general assembly ended today with the problem of organizing the house apparently no nearer a solution than when Secretary of State Stevenson first rapped the assemblymen to order.

The opposition to Walter M. Province, Republican caucus nominee for speaker which has been more or less under cover from the outset, is rapidly coming to the surface and there were hints today that some of the sixty-three caucus participants may bolt next week and attempt to force a new alignment of voting. Friends of Province, however, profess no alarm. The Province proposition is, for him to withdraw now would be to throw the situation back into the chaos that existed before the Republican caucus had selected a candidate.

Upon the event of their departure for their respective homes members of the committee selected to represent the Republican caucus in its negotiations with the seventeen wet Republicans who refused to caucus, made a public statement. This was not signed by all the conferees, however, Representative Boyd of Henry, declining to become a party to it.

The statement follows:

"The conferees representing the caucus asked the conferees for the seventeen absentees:

"First: What they expected on the floor or in committee at the hands of the 'wet' speaker which they would not receive at the hands of a 'dry' speaker.

"Second: If any honorable agreement could be made which would induce them to vote for Mr. Province?

"The committee for the seventeen replied that their course was not prompted by fear of disadvantage or desire for advantage in committee or on the floor.

"That they had already said that they would not vote for Mr. Rice, Mr. Shurtliff, Mr. Watson, Mr. Dudgeon, Mr. Flagg or Mr. Province.

"That the other gentlemen having withdrawn, it would not be honorable now for them to agree to vote for Mr. Province.

"That having a majority of 'wets' in the house, if they were to elect an ultra-dry speaker, the moral effect of their cause in the state would be bad.

"That on their part they did not ask for an active 'wet' for speaker.

"That they would vote for any man nominated by the caucus who had not actively taken part in the 'wet' and 'dry' fight in this state nor was bound fast to either extreme 'wet' or 'dry' faction even though he might individually vote on the floor of the house for 'dry' measures.

"That the seventeen declined to propose names to the conferees for the caucus as they did not wish to be in a position of dictating whom the caucus should nominate.

"That if the caucus would submit names of candidates, they would indicate those for whom they could not vote, so that the caucus might select a candidate from the remaining.

"The individual members of the committee for the seventeen in reply to questions answered for themselves individually and for the seventeen collectively, that they would not, under any circumstances or at any time vote for Mr. Province.

"In the belief that during the present recess of the assembly the people are entitled to the facts regarding the legislative deadlock; six of the seven members of the committee for the caucus voted in favor of issuing the above statement (with the consent of the committee for the absentees) and the president at its preparation."

Notwithstanding the positive declaration on behalf of the seventeen holdouts that they will not under any circumstances vote for Province for speaker, lieutenants of the candidate insist that he will not withdraw from the race.

On the Democratic side of the house the situation has taken a more definite shape in the last week. Lee O'Neill Browne reached the high mark of the session, so far as his party is concerned, Thursday when he received thirty-eight of the seventy Democratic votes. He continues to express the belief that the house will ultimately be organized on the "wet" and "dry" issue and that as the candidate of the "wets" he will be speaker.

CHILE TO SEND ESMERALDA.
Santiago, Chile, Jan. 22.—It has been decided to send the Cruiser Esmeralda to represent the Chilean government in the International parade in connection with the formal opening of the Panama canal. The Esmeralda will take the place of the Battleship Captain Prat which originally was selected. The Esmeralda has been chosen because she is the faster ship.

CENTERMAN DIES.
Danville, Ill., Jan. 22.—Mrs. Katherine Mullen died in Westville today, aged 101. She was born in Poland.

CHESAPEAKE BAY STEAMER BURNS ALMOST TO WATERS' EDGE

Coolness on Part of Crew and Passengers Help to Prevent Loss of Life—Believe All on Board Are Saved.

Baltimore, Md., Jan. 22.—Coolness on the part of the crew and passengers on board the ship helped to prevent loss of life when the Chesapeake Bay Steamer Maryland, carrying 108 persons, was burned almost to the waters' edge of Mount Point at the mouth of the Magothy river early today.

After an all day investigation A. H. Seth, general manager of the steamship company, announced tonight that he felt sure that every one on board had been saved. He said he had ascertained that there were 76 passengers and 32 members of the crew and that an accounting, numerically at least, had been made for these by the captains of the Steamers City of Baltimore and City of Richmond, which went to the assistance of the Maryland after she had been beached.

The monetary loss to the ship is placed at \$120,000; to the cargo at \$10,000 while that due to the destruction of wearing apparel, money and other valuables belonging to those on board will reach a high mark.

CONFESSION DECLARES GARNER INNOCENT; ASKS FOR PARDON

Convict in Washington Penitentiary Admits Killing Elsie Cochran in Danville in 1910.

Springfield, Ill., Jan. 22.—A confession recently made by George W. Moran, a prisoner in the penitentiary at Walla Walla, Wash., that he and a companion had killed Elsie Cochran in Danville, Ill., on the night of October 27th, 1910, was the basis of an appeal for pardon made to Governor Dunne today by Fred Garner, of Danville, who is serving a twenty-year sentence in the Chester penitentiary for the murder of the Cochran woman.

Moran's confession, in the form of an affidavit given to Garner's brother who recently returned from Washington, says that Garner is entirely innocent of the crime. The Cochran woman's body was found in a field some distance from Danville. The murder was fastened upon Garner because he owned a horse which at the time wore a bar shoe. The tracks made by such a shoe were found on the road leading to the field in which the body was found.

"That they had already said that they would not vote for Mr. Rice, Mr. Shurtliff, Mr. Watson, Mr. Dudgeon, Mr. Flagg or Mr. Province.

"That the other gentlemen having withdrawn, it would not be honorable now for them to agree to vote for Mr. Province.

"That having a majority of 'wets' in the house, if they were to elect an ultra-dry speaker, the moral effect of their cause in the state would be bad.

"That on their part they did not ask for an active 'wet' for speaker.

"That they would vote for any man nominated by the caucus who had not actively taken part in the 'wet' and 'dry' fight in this state nor was bound fast to either extreme 'wet' or 'dry' faction even though he might individually vote on the floor of the house for 'dry' measures.

SNOW FALL IS HEAVY IN THE OHIO VALLEY

AVERAGE DEPTH IS SIX TO EIGHT INCHES—STORM PASSES EAST

Clear Weather, With Falling Temperature Is Reported in Western States—Maximum Depth in Illinois Is Ten Inches—Chicago Puts Many Unemployed at Work.

Chicago, Jan. 22.—Snow fell all day today over the eastern lake region and the Ohio valley.

The average depth was from six to eight inches from the Mississippi river as far east as Pennsylvania. The United States bureau reported tonight that the storm was passing eastward and that clear weather with a falling temperature had been reported in the western states.

In the cities, the snow was welcomed everywhere by the unemployed. More than 60 men were put to work at once here and the removal of snow, usually restricted to the business district, was extended to the residence sections.

Little interruption to train and wire service was reported.

Illinois Covered With Snow.

Springfield, Ill., Jan. 22.—Illinois tonight was covered with snow to a depth of from one to ten inches, and the weather prediction was that snow flurries would continue tonight and tomorrow with the temperature hovering around zero.

The storm was most severe in the southern central and eastern sections of the state. Paris and Mattoon both reported a snowfall of ten inches, while at Lewistown, Springfield and Charleston, eight inches were reported. At Champaign between nine and ten inches of snow fell, and at Litchfield only four. Up to the present time the storm has not interfered seriously with train and traction service and but little with wire communication.

Heavy Snowfall Is General.

St. Louis, Jan. 22.—Reports from towns in southern Illinois indicate the heavy fall of snow was general throughout that section. At Pana fifteen inches fell during last night, and this morning and railroad traffic was much interfered with. Eleven inches of snow was reported at Effingham and tonight the thermometer dropped to six degrees above zero. At Mount Sterling livestock suffered much from the snow and cold. A fall of a foot was recorded there.

Temperatures Gradually Falling.

Kansas City, Mo., Jan. 22.—Kansas, Oklahoma and parts of Missouri, Arkansas, Texas and Iowa tonight lie buried beneath a blanket of snow ranging in depth from one to twelve inches. Temperatures were gradually falling and it was expected at the local government weather bureau that the mercury would reach five degrees below zero before morning.

Despite the heavy snows west of Kansas City train service was not interfered with materially.

Storm Impedes Traffic.

Columbus, O., Jan. 22.—From five to eight inches of snow fell throughout Ohio today, impeding train, traction and street car service and hampering telegraph and telephone communication. With rising temperatures early tonight falling snow in many places turned to rain and sleet. Fears of floods due to melting snow and rain were partly allayed by the local weather bureau's forecast of colder weather before morning.

Indiana in Grip of Storm.

Indianapolis, Ind., Jan. 22.—Indiana is in the grip of a snow storm which, with the exception of a few minutes rain, has continued incessantly since early Thursday night. Traffic on steam and electric lines is not delayed seriously.

Mercury Thirty Below.

Deadwood, S. D., Jan. 22.—Records for the winter were established here tonight when the cold wave sent the mercury down to fifteen below in the towns and as low as thirty below in the surrounding country.

**WIDOW OF QUARTERMASTER CAPT.
JOHN BLACK DIES IN CHICAGO**

CHICAGO, Jan. 22.—Mrs. Catherine Shellabarger Black, widow of Quartermaster-Captain John Black, of Springfield, Illinois, veteran of the Civil War and pioneer paper miller, died today here. She was born in Decatur, Ill. 67 years ago and was a sister of the late David Shellabarger, a millionaire banker of that city. Captain Black was a cousin of Mrs. Abraham Lincoln, who was Mary Todd.

Mrs. Black is survived by a daughter, Mrs. Katherine Watson Black, of this city, and two sons, John S. and Clarence F. Black.

She will be buried in Springfield.

**CHARGES IOWA STATE BOARD
OF HEALTH WITH IRREGULARITY**

DES MOINES, Jan. 22.—Charges of irregularity in the conduct of its business on the part of the Iowa state board of health, were made before the legislative committee on retrenchment and reform here this afternoon.

Dr. J. W. Kline, who preferred the charges, declared the board had been charging cities and towns fees for making water analysis contrary to law.

The committee ordered an investigation.

War News Summarized

Probably the heaviest of the fighting that is now taking place anywhere in the numerous war zones is on the western line of the Argonne and the Vosges. In both these districts Paris reports that after all day battling the fighting still continues.

These feats at arms are being carried out in the vicinity of a field work called Marie Therese, near Fontaine Madame in the Argonne, and in the region of the Hartmann-Weilerkopf hills in the Vosges.

In the latter the Germans were on the offensive, according to Paris. Elsewhere in Belgium and in France some artillery engagements and infantry attacks took place only at widely separated points. In none of them was a victory claimed.

In the east in Poland and Galicia only secondary collisions between the opposing forces have taken place, according to Petrograd. The Russians report the concentration of considerable forces of Austrians in Bukovina.

There is no confirmation of a report that Zeppelins again have passed over Cromer, England.

Baron Burian, the new Austro-Hungarian foreign minister, is on his way to the German headquarters.

The American Steamer Wilhelmina loaded with foodstuffs consigned to an American citizen in Germany has sailed from New York for Hamburg. She is the first vessel since the war began to leave the United States with foodstuffs for Germany.

The former Hamburg-American Line Steamer Dacia now under American register has received clearance papers at Galveston for a voyage to Rotterdam with a cargo of cotton for Germany.

**WILHELMINA PUTS TO SEA;
RISKS SEIZURE BY BRITISH**

American Owned Steamer With Cargo of Foodstuffs Consigned to an American in Germany, Sails from New York.

New York, Jan. 22.—Risking possible seizure by British warships lying off the Atlantic coast, the American-owned Steamer Wilhelmina, flying the American flag and loaded with approximately \$200,000 worth of foodstuffs consigned by an American commission firm to an American citizen in Germany, passed out to sea tonight. It is the first voyage of the kind undertaken by any vessel from an American port since war began in Europe nearly six months ago.

If the Wilhelmina is detained or seized, the W. L. Green Commission company of St. Louis, charterers of the vessel and shippers of her cargo, according to their counsel here, will file a protest with the American state department declaring that the cargo is conditional contraband denying the right of a belligerent warship to confiscate it and requesting the United States to demand the immediate release of ship and cargo.

The cargo consists of grain, meats and dried fruits and is intended, according to the shippers, for consumption by the civilian population of Germany and will not be sold directly or indirectly to the German government for its armed forces. N. Lindheim, of counsel here for the St. Louis firm, said here today that the shippers were prepared to obtain from the German government if necessary, with a view of quieting possible fears by the British or other allied governments, a guarantee that only non-combatants will receive the Wilhelmina's cargo.

**COMMENT ON STATEMENT
REGARDING SALE OF ARMS**

Berlin Tageblatt States America's Reputation in Affairs of Political Morals is at Stake for All Future.

Berlin, Jan. 22.—By wireless to Sayville, L. I.—The newspapers here without exception comment with satisfaction on the North German Gazette's statement from the government published yesterday regarding the sale of weapons and ammunition to the allies by citizens of the United States. The Tageblatt declares America's reputation in affairs of political morals is at stake for all future and the tone of the rest of the editorials is similar.

The statement published by the North German Gazette referring to a memorandum of the German government, pointed out that while this admitted that "the prevailing principles of international law do not entitle Germany to oppose the supplying of war materials to her enemies by neutral private persons," that "the trade of war material with England and France has assumed such dimensions as to jeopardize the neutrality not only of the American government but indeed of the American nation."

AGREE TO CONFERENCE REPORT

Washington, Jan. 22.—The senate today agreed to the conference report on the bill consolidating the life saving service and the revenue cutter service into the coast guard.

The house had already agreed to report and the president is expected to sign it at once.

REPORT OF ZEPPELINS CAUSES EXCITEMENT

INQUIRY FAILS TO SUBSTANTIATE
RUMOR ORIGINATING AT CROMER

London Police Receive No Warning to Take Emergency Measures—Belief Prevails That Noise Heard Might Have Come from Aeroplanes

London, Jan. 23.—(1:45 a. m.)—Inquiry in official quarters here has failed to elicit any further news concerning the reported passage over Cromer of Zeppelin airships last night. The belief is beginning to prevail here that the noise heard at Cromer might have come from aeroplanes or seaplanes and not airships.

A telephone message from King's Lynn, Norfolk, says no aircraft was seen there last night but that there was much excitement when the report was received from Cromer that Zeppelins had flown over that town. Telephone inquiries in other towns in Norfolk county were equally unproductive of information to verify the Cromer report.

The London police received no warning to call out special constables or to have any other emergency measures as a result of the report.

Later the police at Cromer said there was no evidence to substantiate the rumor that Zeppelins had been seen there.

The original statement from Cromer was sent out by several news agencies all of which evidently obtained it from the same source in that town.

The Daily Mail asserts that inquiries made by it covering Deal and Folkestone show there is no truth in the report received by a London newspaper from its correspondent in Dover that a Zeppelin had been seen over the channel. The story reporting the operation of airships over Cromer is published prominently in virtually all the London morning papers.

States Rumor is Untrue.

London, Jan. 23.—(4:16 a. m.)—The Daily Chronicle's Cromer correspondent says the rumor that Zeppelins passed over the town is quite untrue. At ten o'clock last night the correspondent adds the hum of air craft engines was heard from the direction of the sea. The town was in complete darkness and it is impossible to say whether it was an aeroplane or an airship or even whether it was a hostile machine.

Siege Warfare Continues.

London, Jan. 22.—(9:20 p. m.)—Except in Alsace, where a stubborn battle has been in progress for several days but which receives only the briefest mention in the official reports, the fighting has been comparatively light on both eastern and western fronts. There have been heavy gun bombardments and a fight for a trench here and there, but no battle such as is considered of a proportion worthy of extended mention in this titanic war.

The siege continues and, according to the opinion of the military experts, it will go on until the ground hardens sufficiently to enable one of the commanders to move a large body of men with a speed that will permit him to surprise his opponent and enable him to find a weak spot in the line.

In the east along the old front from the lower Vistula to Galicia and in the Carpathians, the two armies remain in about the same positions as they were two months ago, all efforts by the Germans to break down the Russian resistance seemingly having failed and the Russian attempt to drive the Austro-German forces back to Cracow having met a similar fate.

In the north however, the new Russian offensive apparently has carried them well toward the German frontier without meeting serious resistance.

The Russian advance into Transylvania is reported to have been checked by the appearance of a large Austrian force in the mountains while the snow prevents the Magyars going any farther through the Carpathians, although they hold all the passes in readiness for the day when the weather will permit a resumption of the forward movement.

No mention has been made during the last few days of the fate of the remnants of the Turkish armies which the Russian reports previously said had been defeated in the Caucasus, but it is believed by military men here that the Russians, having used for their men elsewhere, have decided not to push on to Erzerum.

The Russian fleet, according to reports, still is busy in the Black Sea sinking Turkish sailing ships. This is taken as evidence that the reports that Turkish Cruiser Goeben had been out of action were not exaggerated.

GIVE DINNER TO DIPLOMATS.

Copenhagen, via London, Jan. 23.—(3:33 a. m.)—The King and Queen gave their first dinner of the season on Friday night to a small group of diplomats. Dr. Morris F. Egan, minister from the United States to Denmark and his wife were seated in the places of honor next to the royalty. King Christian proposed a toast to Dr. Egan in which he expressed cordiality towards America. The diplomatic body will in San Francisco.

The current, maximum and minimum temperatures recorded Friday were:

Jacksonville . . . 13 22 13
Jackson . . . 24 28 22

ROSE APPEARS AS CHARACTER WITNESS FOR JAMES SULLIVAN

Star Witness in Trial of Lieut. Becker Gives Sullivan Credit for Inducing Him to Confess All He Knew of Rosenthal Murder.

New York, Jan. 22.—Bald Jack Rose, erstwhile gambler and star witness in the trial of Police Lieut. Charles Becker for the murder of Herman Rosenthal, appeared today in the role of character witness for James M. Sullivan, American minister to the Dominican republic, whose fitness to hold office is under investigation by Senator-elect Phelan in behalf of the state department.

Rose, who said he was now lecturing on "The Duty of a Young Man to Live an Upright Life," gave Sullivan credit for inducing him to confess to the district attorney all he knew about the Rosenthal murder and to become the state's witness. Sullivan was at that time his attorney.

The former gambler declared Sullivan has been besetted "with threats and promises," because of his activity in obtaining the confession and suggested that "the present attack" upon the minister might be an aftermath of this refusal to be swayed from his duty.

Sullivan acted for him without pay, he said. Two letters from Sullivan to James McGuire in which the minister told of his prize fight connections at Waterbury, Conn., were put in evidence. In these Sullivan said that in order to earn money to go to law school he had, with the brother of the then mayor of Waterbury, conducted one boxing match in that city.

**JEWISH REFUGEES IN EGYPT
NOW NUMBER FOUR THOUSAND**

NEW YORK, Jan. 22.—Jewish refugees who have fled to Alexandria from Jerusalem, Jaffa and Beirut now number 4,000 and about 5,000 more are on the way, it was announced here tonight by the provisional legislative committee for general affairs, of which Louis D. Brandeis is chairman.

No colonists are included among the refugees, the committee states, as all Jewish colonists have become naturalized Ottoman subjects.

The committee based its announcement upon replies to cable messages which it had sent to its representatives in the orient following recent reports that Jews were fleeing from Palestine to escape anti-Semitic persecution at the hands of the Turks. The American Cruiser Tennessee has been reported as making frequent trips between Jaffa and Alexandria to convey the refugees.

**STATES SHIPS GO THROUGH
LOCKS FASTER THAN EXPECTED**

Col. Goethals Addresses Western Society of Engineers and Chicago Engineers' Society.

Chicago, Jan. 22.—Colonel George W. Goethals, builder of the Panama Canal, speaking today before the Western Society of Engineers and the Chicago Engineers Society declared that the ships were passing through the locks much more rapidly than had been calculated.

"The only drawback to the slides," he said. One great slide he said amounted to 1,500,000 cubic yards.

"When I left, the middle of December, 1,500,000 yards had been removed and it appeared that there was much more.

"We are spending half the time repairing the damage done by slides and the other half in maintaining the channel. The great slide I have mentioned reduced the depth of the water from sixty feet to six inches. When I left the canal zone there was an average of three ships a day passing through the canal and now it has reached four or five."

**THIRTY-TWO DEPUTIES ARE HELD
WITHOUT BAIL ON MURDER CHARGE**

ROOSEVELT, N. J., Jan. 22.—Thirty-two sheriff's deputies charged with murder are held without bail in the Middlesex county jail at New Brunswick tonight charged with being responsible for the shooting of strikers here last Tuesday. Two of the idle employees of the American Agricultural Chemical Co. died of their wounds and nearly a score were hurt in a clash alleged to have been precipitated by deputies guarding the company's plants.

Mayor Joseph A. Hermann signed the complaint on which the deputies were arrested late today by a squad of uniformed policemen brought here by John R. Ferguson, a county detective.

LAST OF EVIDENCE IN.

Springfield, Ill., Jan. 22.—The last of the evidence in the case of the government against Percy B. Sullivan, former president of the Assured National Fire Insurance company of Decatur, charged with the use of the United States mails to defraud was introduced in the federal court before Judge J. Otis Humphrey here today. Arguments will be made tomorrow and the case will go to the just some time tomorrow afternoon.

**THREE HUNDRED STUDENTS
DEPENDENT ON EARNINGS**

Urbana, Ill., Jan. 22.—Three hundred students of the University of Illinois are totally dependent on what they earn here to carry them through the university. Many others augment scanty incomes by odd work. The students earned a total of \$117,000 during the last nine school months according to statistics made public today.

CHILE TO SEND ESMERALDA.
Santiago, Chile, Jan. 22.—It has been decided to send the Cruiser Esmeralda to represent the Chilean government in the International parade in connection with the formal opening of the Panama canal. The Esmeralda will take the place of the Battleship Captain Prat which originally was selected. The Esmeralda has been chosen because she is the faster ship.

WOMEN OF THE WEEK.

San Francisco, Jan. 22.—Dr. Anna Strong, "the little sister of children," has arrived in San Francisco from Washington to begin the installation of the government's child welfare exhibit at the exposition. Unlike most exhibits of welfare work Dr. Strong will direct a living exhibit here, having children of all ages following out the various welfare methods.

Wichita, Kas., Jan. 22.—Mrs. Iva May Warner, according to Judge S. T. Jocelyn, who recently dismissed the suit she had filed for divorce against her ninth husband, has the "bridal habit" and doesn't need a divorce.

Newark, N. J., Jan. 22.—According to Mrs. Minnie J. Reynolds of this city, state organizer of the Women's Political Union equal suffrage will not put many women into office. In Colorado, she says, after 20 years of suffrage, only one per cent of the office holders are women.

Fargo, N. D., Jan. 22.—Miss Anna Barrett, of Larimore, N. D., is the champion hog raiser of the state. She won the first prize in the pork production contest of North Dakota Agricultural College, her record exceeding by 31 per cent that of the winner a year ago.

Cincinnati, O., Jan. 22.—College women from all parts of Ohio, representing every woman's educational institution in the state is holding a conference here Saturday. Among the speakers will be Miss Edith Campbell, Miss Emilie W. McVea and others interested in college and school work.

Lexington, Ky., Jan. 22.—Mrs. Birdie Pollock Graham of Santa Barbara, Calif., who is suing her husband, William Miller Graham, the oil magnate, for divorce, was a Bluegrass girl, born and brought up at Paris, Ky., where she is remembered for her beauty and vivacity. Mr. Graham's wealth is estimated at twenty millions.

San Francisco, Calif., Jan. 22.—Miss Dorothy Becker, the fastest of the local girl swimmers, will sail next week for Honolulu to take part in a series of events against the best girl swimmers of the Hawaiian Islands. Miss Ruth Stacker, champion of the islands, will be her principal opponent.

Chicago, Jan. 22.—Miss Dorothy Linn, daughter of Mr. and Mrs. William R. Linn, who is to be married February 13 to Cyrus McCormick, is famed in Chicago society for the grace of her dancing, and has been the premiere danseuse at many benefit performances.

WE ARE SHOWING SPRING MODELS IN THE MODART CORSETS. THIS IS THE NEW FRONT LACE CORSET WHICH IS MAKING GOOD IN THE LATEST CITIES.

F. J. WADDELL & CO.

ATHLETE DEFENDS HIS JOB.

New York, Jan. 22.—Charles Boughton of Newark, national inter-scholastic two mile champion, will present tonight to the registration committee of the A. A. U. his defense of his job as play leader at a Newark playground. Charges of professionalism have been brought against the runner. He took the playground job last summer, and says his duties were to exert moral influence on the boys, his work resembling that of a "big brother." He denies that his running ability ever figured in the job and that no ever gave instruction along that line, merely preserving order while the little fellows were at play.

After Boughton took the job, his entry in several New York contests was protested on the grounds of professionalism. In order to get his case before the A. A. U. he applied for a membership in the organization. Boughton has a promising athletic career before him, and is anxious to enter college without the stain of professionalism.

The "McFarlan Six" is guaranteed by the makers as well as the distributor, J. F. Claus.

LAWYERS HEAR PARKER AND TAFT SPEAK.

Buffalo, N. Y., Jan. 22.—The 38th annual meeting of the New York State Bar Association is being held here today and tomorrow. Judge Alta B. Parker, president of the association, delivered the principal address today, and tonight former president William H. Taft will speak on "State Constitutions." One of the important issues among the attorneys is the proposal of a change in the state constitution, particularly in the executive and judiciary articles. Further sessions will be held tomorrow.

The "McFarlan Six" is guaranteed by the makers as well as the distributor, J. F. Claus.

ILLINOIS STATE DAIRY MEETING

PROFITABLE SESSIONS HELD IN COURT HOUSE FRIDAY.

J. P. Mason, President of Association, Charles Gilkerson and Others Heard in Splendid Addresses.—Annual Meeting in Peoria Feb. 3 to 5.

One of a series of meetings held under the auspices of the Illinois State Dairymen's association took place in this city Friday afternoon at the court house. Because of the heavy snow storm the attendance was not as large as would otherwise have been true, but those present found the meeting one of great profit.

J. P. Mason of Elgin, who is president of the association, was introduced by E. E. McPhail and presided during the afternoon.

J. P. Mason Speaks.

The first speaker of the afternoon was Mr. Mason who spoke on "The Special Purpose Dairy Cow vs. Other Types for Profit." He said in part: "This dairying business is kind of a manufacturing business. We grow all the material on the farm and the cow is where it is marketed. The whole milk is sold in our vicinity as we did not have creameries but now Chicago alone has hundreds of them. There was shipped into Chicago last year, 25,000, eight gallon cans, daily, amounting to over \$5,000,000 for milk. In McHenry county they sell 1,000,000 pounds of milk daily. It takes a smarter and broader man to run a farm today successfully than it does to run a bank or any other business. There is not any business that will stand the abuse that farming will and still the operator makes a living, and also there is no business when properly managed that will make such returns as the dairy farm.

In this community it was noticed on the way down that corn was still in the fields, judging from the appearance the local farmers must have money to burn. Every hill of corn in our vicinity is cut and fed. You sell your grain here and it is like hauling off your farm by the wagon load. In our country our heavy flow of milk is in the late fall and winter when the price is high and labor is plentiful. We hire more men in the winter time than you do in the winter time. Rather early in the fall our cows are stabled and never a cow allowed to be out in cold weather. She is carefully housed and there is nothing that will give you more returns than a cow which is properly taken care of.

A Balanced Ration.

In our country we feed ensilage and alfalfa hay. This practically makes a balanced ration. In our country we have to take care of our milk so that it will reach Chicago and be delivered there in good condition where in some places milk will not keep until it is delivered to the factory because it is not taken care of properly. Mornings and nights milk should never be mixed until they have been cooled to the same temperature. As soon after milking as possible to produce the best milk the animal heat should be gotten out immediately. On my own farm we haven't spent a dollar for any patent cooler nor for any ice for cooling purposes. We use a large tank in which water is kept and cans of milk are set and stirred once in a while. And we never have a complaint as to the keeping quality of our milk.

Address of Charles Gilkerson.

Charles Gilkerson of Marengo, a director of the association, spoke on "Breeding and Feeding of Dairy Cattle for Profit." He said in part: "If we have no ideal or no vision we never get anywhere. It is only the man who has accomplished things on the farm, who has an ideal. The man who has an ideal of 10,000 pounds never got over four or five thousand in anything in this world.

"Some few years ago a friend of mine said: 'That he was going to make his cows produce an eight gallon can of milk every day to each cow.' 'You can not do it', but he has nearly reached his ideal. He has cows in his dairy that are producing from 60 to 80 pounds of milk a day for four or five months in the year. We have a great many cows in our vicinity that produce 10,000 lbs. of milk in a year. Of course, you keep a great many Jerseys, which will not produce as much milk, but a higher test in butter. We sell on a whole milk basis. We have been paid ten cents extra for milk testing 3 1/2 per cent. Ten cents extra for sanitary and a standard test.

"Milk is an article of food that is produced in a raw state and is consumed in a raw state. Of all the food, the Almighty has conferred upon us a great favor by allowing us a food that is unprotected. The nut has a shell, the potato is protected by a skin, the orange or banana has a peel, but milk is unprotected and is open to disease germs and also injurious bacteria. There is such a thing as producing milk in the right manner so that the germs will not multiply, and there will be but very few germs in the milk when cared for in a sanitary condition.

The second station from me—Huntle, Ill., McHenry county, produces more milk than any other station in the world. I have not the figures of how much is produced but it marketed more than any other station in the world. We market each day 850,000 pounds of milk since I made that statement, and we find that amount to be \$1,615,000 a

day that is paid to our farmers when you multiply that by the 365 days you have some money.

"The value of milk compared to other foods is very great. A quart of milk is equal to three fourths pounds of beef steak, at 25 cents a pound; it is equal to three pounds of coffee at 30 cents a pound; it is worth 66 cents worth of chicken; it is worth 30 cents worth of oysters, 45 cents worth of lettuce, and there is produced in the world and is the greatest food ever produced. If produced right it is a healthy and clean product.

"There is no difficulty whatever. A man asked me day before yesterday, 'Are you not afraid that we will have an over-production?' I am willing to stand my share but when we produce that we are bound to have a greater demand. Thirty-five years ago the population of the U. S. was 11,000,000 today it is 22,000,000, twenty-five years ago according to the same ratio there will be 44,000,000, we will immediately see that twice as many cows are needed or the cows will have to produce twice as much milk."

A reading was given by Miss Laura V. Shaw of Illinois Woman's college, and was greatly appreciated. John B. Newman, assistant food commissioner, and Prof. H. A. Harding of the dairying department of the university of Illinois, had been announced as speakers but found it impossible to be present. N. J. Nelson of Peoria made a brief talk on essential requisites for a good dairy cow and made an announcement of the annual meeting of the association to be held in Peoria Feb. 3, 4 and 5.

General Discussion.

After the formal speeches there came a period for discussion of any of the subjects which the speakers had introduced or any matter in which dairymen are interested, and this general discussion proved very interesting. C. A. Howe told something of his experiences in the raising of alfalfa, emphasizing the point that instead of using the best land on his farm and large quantities of manure, that he used poor land and followed the general rules for the inoculation of the soil, and by the use of limestone and phosphate, securing the most nourishment for the alfalfa from the air. He believed that some growers of alfalfa made the mistake of using their best land for alfalfa and enriched the soil with fertilizer which might be used to greater advantage elsewhere on the farm.

He called upon Isaac Watson to relate his experience. Mr. Watson is one of the oldest growers of alfalfa in the country. He said that he had a field of ten acres where he had grown alfalfa successfully for a number of years and where he had neither inoculated the soil nor used any limestone. He made use of a low place in one field, which he made ready for alfalfa by tilling it out. The soil was rich and he also applied manure. The roots of the plant showed that there had been inoculation and he believes that there was already plenty of nitrogen in the soil without any special effort at inoculation or by the application of limestone.

"American Fence" costs more, weighs more, WORTH more. Gay's Reliable Hardware.

SPRINGFIELD ATTORNEY DIES.

Albert Salsenstein, one of the most prominent attorneys of Springfield, died Thursday at Phoenix, Ariz., after an illness of more than three years resulting from injuries sustained when he was struck by an automobile.

He was one of Springfield's most respected citizens and a leading member of the bar. He was born September 26, 1859, at Salisbury, Ill. He graduated from the Springfield high school and studied law under the late Judge Robert L. McGuire and Lloyd F. Hamilton. He was ready to be admitted to the bar before he was twenty-one years of age and was appointed appellate court clerk until he reached his majority and was then admitted to the practice of law.

MEN'S AND BOYS' LINED GLOVES AT GREATLY REDUCED PRICES. FRANK BYRNS HAT STORE.

AMERICA'S LITTLEST ARMY MOBILIZES.

Halifax, N. S., Jan. 22.—According to advices received here the French residents of the islands of St. Pierre and Miquelon have mobilized their army. The two little islands belong to France, and the entire population is only 5,000. Some 1200 patriots are ready to enter the European war, but their dependents are praying that their services will not be needed, for the source of food and revenue is from the fishing banks, and great suffering would come to the aged, the women and children if this supply is suddenly cut off. Although the forces at St. Pierre and Miquelon form the smallest army in America, they are not lacking in enthusiasm and welcome a chance to fight the foes of France.

DANCE AT FRANKLIN.

Many of the young people of Franklin enjoyed an informal dance at Olinger's opera house Friday night. Despite the cold and snow a goodly crowd of young people were present.

ELECTED OFFICERS.

The Jacksonville Creamery company directors held a business session Friday, at which time the following officers were elected: President—J. R. Harker. Vice president—W. S. Stevenson. Treasurer and secretary—E. E. Crabtree. Manager—L. T. Potter.

MATRIMONIAL

Harwood-Hale.

Samuel I. Harwood of St. Louis and Miss Lottie Hale of Meredosia were married at the Methodist parsonage of Meredosia Thursday night at 9:30 o'clock. Rev. S. A. McIntosh officiating. They were accompanied by Mr. and Mrs. L. F. Berger of Meredosia and Miss Vera Hale, a sister of the bride, played the wedding march. Only the members of the immediate family of the bride were in attendance.

The bride is a daughter of Mr. and Mrs. W. J. Hale of Meredosia and is a graduate of the Meredosia High school. She is a former student of Brown's Business college of this city and is a young lady whose pleasing disposition has won many friends. The groom is a mail clerk, having a run from St. Louis to Kansas City, and during his visits in Meredosia during the past year made many friends there. They will make their home in St. Louis, where they will take the best wishes of a wide circle of friends.

This is the last day of Hillerby's half-price remnant sale. Be sure and come. This evening double S. & H. green trading stamps will be given from 6 till 9.

FELL AND BROKE ARM.

Mrs. H. V. Richardson of the Point neighborhood was in the city Friday. About a week ago Mrs. Richardson fell on the ice and fractured her right arm near the wrist. It was thought at first the member was not broken until an X-ray picture had been taken. It will be several days before Mrs. Richardson can use her hand.

WITH THE SICK.

Mrs. J. D. Adams of South Main street is suffering from pleurisy. She has had lagrippe for five days past and Friday was taken worse.
Mrs. B. H. Nunes and little daughter Hazel Louise are ill at their home, 832 South Main street, with lagrippe.
Elisworth Wells is ill at his home, 1522 South Main street, with tonsillitis. Mr. Wells was about his regular duties Thursday but Friday was not able to leave his bed. His condition is not considered serious.
The condition of Supt. Walter B. Miser is as good as the stage of the disease would warrant. Mr. Miser was seized a few days since with a throat affection which proved to be diphtheria.
Dr. Albyn L. Adams has recovered from a severe attack of lagrippe which for several days confined him to his residence, 871 West College avenue. Dr. Adams was stricken immediately on his return from a Chicago trip.
Miss Mary Wheeling who for several days has been ill at her home on North Fayette street, is considerably improved.
C. E. Pickup, an employee of the Jacksonville Railway & Light Co., is ill at his home on Anna street.
Mrs. Mary P. Nunes, of 1997 North Main street, who Friday morning underwent an operation at Passavant hospital is getting along in a satisfactory manner and hopes to be able to return to her home within a few days. A growth, which has been troubling Mrs. Nunes for many years, was removed from her left limb, without the aid of an anæsthetic. It is said that Mrs. Nunes has undergone three serious surgical operations during her lifetime and has never yet taken an anæsthetic. This is a record which not many of us could equal.
The two year old daughter of Mr. and Mrs. Samuel Currier who reside near Ashland was brought to Our Savior's hospital Friday. She has bronchial pneumonia.
Miss Marguerite Graubner of Chicago is here to visit her father, August Graubner, who is seriously ill at Our Savior's hospital.
Miss Mary Boylan who recently had the misfortune to fall down stairs and dislocate a finger in addition to some bruises, is out again and all right with the exception of her finger which is yet in splints.
Rev. N. R. Johnson of near New Berlin, who was injured in a runaway last Sunday, is still unable to be about, suffering from many bruises and shock. Rev. Mr. Johnson is pastor of the M. E. churches in Alexander and Island Grove.

PLEASEING PROGRAM ACCOMPANIES ROLL CALL NO. 13, REBEKAHS

The Rev. M. L. Pontius. Heard in Profitable Talk on "Friendship, Love and Truth"—Letters Read From Absent Members.

At the annual roll call of Jacksonville Rebekah Degree Lodge No. 13, Friday night at the Odd Fellows' temple there was good attendance and excellent interest and the low temperature and wintry blasts without were in no wise reflected by the scene of fraternity and good fellowship within. Jacksonville lodge has now a membership of 252 and the greater part of these had assembled to hear the annual calling of the roll and to witness the attending program.

Letters were read in the course of the evening from the following members who for various causes could not be present: John Rawlings of Champaign; Viola McCurley, Modesto; Henry S. Alkire, Bloomington; Mabel Thomas, Clinton, Ill.; Mrs. Florence Alkire Fetzger, of Springfield; F. C. McDougall, Monrovia, Cal.; Mrs. Leonora Wright, this city; Andrew Russell, Jacksonville and Mrs. Bertha L. Wright Kauffman, Chicago.

Intermingled with the roll call there was carried out the following program:

Invocation—The Rev. M. L. Pontius.

Song—"Blest be the Tie that Binds."

Reading—Miss Lillian McCullough.

Violin solo—Miss Mabel Forrester.

Vocal solo—Miss Fern Haigh.

Reading—Miss Grethel Moses.

Duet—Misses Starr and Louise Boston.

During the evening Rev. Mr. Pontius spoke in a very pleasing way on the principles of the order, referring in well chosen words to "Friendship, Love and Truth." On the roll call committee were Miss Grace L. McCarty, chairman; Miss Edith Carlson and Miss Annie Woodham. At the conclusion of the exercises the company enjoyed light refreshments served by the social committee in the dining room.

IMPROVING STATION.

A Chicago and Alton railroad paint car arrived in this city Friday morning and a force of men under Foreman T. J. Marsh of Bloomington have begun work at the Alton passenger station. The men were washing the woodwork in the ladies waiting room yesterday. The woodwork throughout the station will be thoroughly washed, shellaced, then a coat of paint applied, and a finishing coat of varnish will be used lastly to give the station a "brand new" appearance.

THE ALL-WHITE SANITARY MEAT MARKET—WIDMAYERS. READ OPENING ANNOUNCEMENT ON PAGE 10, THIS ISSUE.

GIVE SUCCESSFUL PIE SOCIAL AND PLEASING ENTERTAINMENT

Parent-Teachers' Association of South Jacksonville Have Pleasant Evening at Maple Grove School.

The South Jacksonville Parent-Teachers' association pie social and entertainment Friday evening at the Maple Grove school was attended by a large crowd and proved successful in every way.

An excellently prepared program by the young folk and friends from the Jacksonville high school was given. A farce entitled "Reformed" was given by Misses Dorothy Weiner, Helen Harney and Floyd Williamson. The young people showed considerable originality and talent in presenting this humorous play. The piano solos and vocal duets were given by Misses Lydia Hunt, Beatrice Dye, Ethel Reeve and Dorothy Weber and readings by Miss Lydia Hunt and Floyd Williamson.

The sale of pie was made after the program with Jerry Cox as auctioneer. Three divisions were made of the boxes, those for the married ladies, misses and children. All sold quickly and for good sums under the witty words of the auctioneer.

After the sale all adjourned to the primary room where the ladies gave a demonstration of their new electric heating plant by making coffee, sandwiches, pop corn balls, candy, etc. All these eatables sold well. The ladies of the association, together with the friends are deserving of much praise for the splendid entertainment and profitable evening.

Attorney Thomas Masters of Springfield was in Jacksonville yesterday on business matters.

GERMAN TAILORS MEET.

London, Jan. 23.—(3:45 a. m.)—A despatch from Amsterdam to the Exchange Telegraph says a convention of German tailors was held yesterday at Frankfurt to reach a basis for new German fashions for men and women. The German styles will be different from those of the Paris and London committee appointed to consider designs.

NOTES FROM THE LABOR WORLD.

Wyoming has adopted the constitutional amendment which provides for workmen's compensation. The vote was 24,258 to 3,915.

The new Colorado governor starts off right in calling off gun play in future strikes. Miners are rough men, but they have hearts that will meet any honest dealings. They have been taught that force was the best means.

A million American sympathizers will dig down and pay that Danbury Hatters' fine. The hat makers were poor men and many of them have died. The decree imposed by the court is respected, and all honest workmen concur in the finding.

Missouri labor men are opposing the compensation bill as framed in that state, on the ground that the scale is too low, the limits of the act are too narrow, occupational diseases are omitted and unskilled labor is favored too greatly.

Former President Taft's speech at New Haven stating that labor is injuring its own advancement by seeking "class legislation", has given wider publication than any vindication of labor.

Differing materially from his fellow jurist came on the same day he decision of Judge Louis D. Gibbs of New York, discharging organized men "I fail to see where any crime has been committed. Labor has the right to protect its rights; to use every legal method to get shorter hours and higher wages. If in doing so somebody else is injured labor cannot be held responsible for it."

The recent indictment of three Chicago labor agents promises to bring out a legal fight more bitter than the Gompers-Morrison-Mitchell affair. The charges brought are for preventing delivery of interstate shipments. The cases are the first of their kind ever brought. Graft and bribery were charged against union officials during the investigation last summer, and the union men charged the contractors had stooped to improper methods to crush organized labor.

Amos Pinchot's hot shot at Gary and Perkins of the New York investigation committee on unemployment, alludes to the "theory upon which General Diaz chose distinguished bandits to lead the police of Mexico City". And he adds: "Though Gary and Perkins have succeeded well in limiting production and the opportunity of labor, and in keeping up the cost of living, it seems doubtful whether the public will conclude that they are equally successful when called on to increase opportunities of labor and reduce the cost of living."

Ohio has extended its workmen's compensation law to include the following: When bitten by a dog while in the course of employment; after quitting regular work and injured while on way to paymaster's desk to draw money; foreman while on duty short by a discharged employee; common law wife is entitled to compensation in case of death of her common law husband; apoplexy, superinduced by over-exertion; quitting work a minute before time to change clothes and painfully injured by a fellow workman; assaulted and killed by another while in course of employment; death from another cause does not abate a claim for compensation for previous injury; a night watchman killed immediately on his arrival on the premises of his employers; heat prostration while in the course of employment.

RALLY IN 2ND. HALF GIVES I. C. VICTORY

ILLINOIS COLLEGE DEFEATS
McKENDREE BY 25 TO 20
SCORE.

Basketball Five From Lebanon Give Good Account of Themselves on Illinois Floor—J. H. S. Defeated by Canton, 34 to 17 and Routt Loses to White Hall.

Three basketball games held the attention of students and lovers of the sport last night. Illinois college met McKendree college in Strawn's hall and gained the victory by a close score. White Hall defeated Routt High on the former's floor and the Jacksonville high school at Canton lost to the high school there 34 to 17.

At the close of the first half the game here seemed lost for Illinois, the score standing 16 to 7, but Harmon's men got into fighting shape and by ten field goals and a foul turned the tables completely on Coach Gray's team from Lebanon. From the result of this game McKendree college has nothing to regret as the visiting team knew the game well and from first to last played nothing but straight, clean ball. Worthy of especial mention was Gary's work as forward, Pierce's bull dog tactics as guard and Friesbie's goal throwing from the field. Smiley of Lebanon piled up the score for McKendree by six free throws out of a possible seven.

The score follows:

McKendree	F. B.	F. T.	T. P.
Will, rf	3	0	6
Smiley, lf	0	6	6
Ebbler, c	0	0	0
Butts, c	0	0	0
McAllister, rg	4	0	8
Fredli, lg	0	0	0
Totals	7	6	20

Illinois	F. B.	F. T.	T. P.
Gary, f	2	0	4
McLaughlin, f	3	0	6
Frisbie, c	5	0	10
Peirce, g	0	0	0
Atchison, g	2	1	5
Totals	12	1	25

Referee, Brown of J. M. U., Decatur.

J. H. S., 17; Canton, 34.

The Jacksonville High school played the Canton High school at Canton last night and was defeated 17 to 34. The smallness of the Canton floor was against the J. H. S. men and the Canton players have been practicing for a longer period. The line up of the locals was M. Myers, center; E. Pyatt and Dale Boxell, forwards; Maddox and Hemmrough, guards; J. Pyatt and Fred Mayer were substitutes.

Routt Loses to White Hall.

White Hall high school won a decisive victory in basketball from Routt college at White Hall last night by a score of 33 to 4.

CONCORD.

M. O. Smith, assistant superintendent of the Concord Christian Sunday school, mentioned the serious condition of our beloved County Superintendent of Sunday schools, W. H. Crum, at the close of the Sunday school today, January 10th. A short time was spent in a prayer service out of respect to Brother Crum. The morning church service following was one of the most inspiring of any held for many months. Elder George Woolf presided and many beautiful passages of scripture were read and the songs were appropriate to the occasion. Remarks were made by the Elders and deacons and the deepest sympathy was expressed for our afflicted brother. He and his family were the recipients of a wealth of tender and heartfelt words showing the kind and loving esteem of the Concord church and Sunday school. Many eyes were dim with tears at the thought of the suffering of one who has been so active in the Master's work in this part of our state. The 15th verse of the 34th Psalm was one of the many verses recited. The service was concluded by observing the Lord's Supper.

WIDMAYER'S NEW CASH MEAT MARKET, E. STATE ST., OP. POST-OFFICE, OPEN TODAY.

ENJOY LUNCHEON AFTER DEGREE STAFF PRACTICE

Members of the degree staff of Ridgely Encampment No. 9, at a practice session Friday night at Old Fellows' hall, West State street, were in excellent form and under the captaincy of Ellis Henderson exemplified the work in good style. At the next meeting two weeks from last night it is planned to put on the Royal Purple degree. After the business the members enjoyed a delightful luncheon at which the hosts were Ellis Henderson, Charles Goodey, Herman Ellis and W. C. Howe.

ADVOCATE INVASION OF EUROPE BY AN ARMY OF AMERICAN COOKS

CHICAGO, Jan. 22.—An invasion of Europe by an army of American cooks to introduce corn bread cakes and fried mush to a peasantry now familiar with black wheat bread is the plan advocated here today at the sixth annual meeting of the council of grain exchanges as a means of avoiding a wheat shortage in the United States.

The plan to feed Europe corn and keep the wheat for home consumption originated with S. John Snyder, treasurer of the Baltimore chamber of commerce. Mr. Snyder pointed out that other countries can compete with the United States in raising wheat but not in the production of corn.

"The selling of corn in Europe for foods would be followed by other uses and the result would soon be a big market for a product that America has almost for itself," he said.

BOARD OF INQUIRY INVESTIGATES BLOWOUT ON CRUISER SAN DIEGO

ON BOARD U. S. S. SAN DIEGO, Guaymas, Mexico, Jan. 22.—By wireless to San Diego, Calif.—Apparently the blowout yesterday in the fire room of the Cruiser San Diego was more serious than first thought. Four of the ship's sixteen boilers are temporarily out of commission but repairs probably can be made by the engine room force. A board of inquiry is investigating the accident and will report to Washington.

All the injured are doing well and are fully cared for out of the ship's medical equipment.

Coal is being taken on today from the Collier Saturna.

INOCULATION AGAINST TYPHOID IN BRITISH FORCE SUCCESSFUL

Surgeon States Results Have Been "Positively Astounding" and None of Those Inoculated Have Died.

London, Jan. 22.—(10:40 p. m.)—Sir Frederick Treves, the widely known surgeon, in speaking before the Royal Society of Arts tonight, said the results achieved by inoculation against typhoid fever in the British expeditionary force have been "positively astounding." He said that since the war began there had been only 212 cases of which 173 were persons who had not been inoculated. There has been only 22 deaths and one of those who died had been inoculated. Not a single death from typhoid had occurred among those inoculated.

There never has been a time in the history of any campaign where the wounded soldier has been better looked after than by Sir Frederick. "When the history of this war is written one of its most astounding features will be the sanitary precautions taken to secure the health of our soldiers and their cure in disease."

Men Pay Homage to Mother's Friend

"I am not surprised to observe the number of men who come into the store to purchase 'Mother's Friend,'" remarked a leading druggist.

The expectant mother if she hasn't heard of this splendid embrocation is probably not reading the papers to much extent. And if she does it is a happy thought to send hubby to the drug store. "Mother's Friend" is applied externally over the abdominal muscles.

It is a gentle, soothing lubricant, penetrates to the fine network of nerves beneath the skin and has a marked tendency to relieve the muscular strain to which these broad, flat abdominal muscles are subjected. The cords, tendons and ligaments are thus permitted to stretch without the corresponding surface strain so often involved during the period of expectation. This in part accounts for the entire absence, in many cases reported, of nausea, morning sickness and other distresses. And particularly to young mothers is this remedial application of inestimable value since in this keeping the muscles firm but pliant it enables them to go through the ordeal without laceration of the epidermis so often the case when this gentle form of lubrication is neglected.

"Mother's Friend" is highly recommended by a host of women. Write Bradford Regulator Co., 508 Lamar Bldg., Atlanta, Ga., and we will send you a valuable little book to expectant mothers. The effect of this splendid external application is an expression of the thousands of women who have successfully used it and recommended it through two generations.

MILLER CHARGES FED LEAGUE WITH HYPOCRISY

COUNSEL FINISHES ARGUMENT FOR ORGANIZED BASEBALL

Federal Attorney Will Probably Conclude His Statement Today, When It Is Said Judge Landis Will Take the Case.

Chicago, Jan. 22—Charges of "unclean hands" and hypocrisy were made against the Federal League today by George W. Miller, who presented what is believed will be the concluding argument on the side of organized ball in the anti-trust suit brought by the Federals.

He declared a temporary injunction asked by the Federals would destroy an institution it had taken organized ball forty years to build. In support of his charges, Miller cited instances in which he said the Federal League had signed players under contract with clubs in organized ball, the sections of the Federal League contracts he alleged corresponded to the criticized ten day and reserve rules and the alleged justification of raids by the plaintiff on the ground that ten day clauses invalidated American and National League contracts.

Quoting at length from the affidavit of Roger Bresnahan, Miller emphasized the portion where Bresnahan said he had been told by Federal League emissaries they would have a street cut through the grounds of the St. Louis Nationals. This the lawyer contended, strengthened his charge of "unclean hands". The end of the hearing was in sight tonight. It was said that when the statement by E. E. Gates, of counsel for the Federals, had been concluded probably tomorrow, Judge Landis would take the case. None of the attorneys interested would hazard a guess as to when a decision would be announced. Miller analyzed a number of alleged raids made last year on the National and American League teams by the Federals. Incidentally he read a list of what purported to be the salaries, year by year paid by organized ball clubs to players who since had left its ranks for the Federals. He said that Lee Magee in 1911 had drawn \$1,500, \$2,300 in 1912; \$3,400 in 1913 and \$7,200 in 1914. He showed the increase in Joe Tinker's salary, which reached \$5,600 in his last year with the Cubs, 1912 and \$19,000 as manager and shortstop for Cincinnati in 1913. Mordecai Brown, according to Miller's figures, drew \$3,500 in 1908, \$4,100 in 1909; \$4,500 in 1910; \$5,500 in 1911 and \$7,000 in 1912. Even with an injured leg that practically incapacitated him, Brown drew a salary of \$4,000 from the Cincinnati Club, which he joined the next year, with a promise of a bonus.

According to Miller the Federal League's reserve clause as shown in the affidavit of Umpire Steve Cusack holds a player for ten seasons, granting him a five per cent increase in salary each year and providing that he must be notified of the exercise of the option by Sept. 15th preceding the season in question. He quoted President Gilmore's affidavit regarding the ten day clause in which the Federal League leader declared it unwise and unbusinesslike to contract with an untried player for a longer time than that.

MUSICAL RECITAL

Last evening the pupils of Mrs. Leslie Wyatt Hutchinson gave a recital in French's music hall. The young musicians played in an excellent manner and all present were much pleased. The following was the program:

Dancing Moonbeams—Gladys Winter.
The Robin's Lullaby—Grace Campbell.
Flying Leaves—Dorothy Walls.
Duet—Tom Buckthorpe.
The Rose Face—Elmore Stoldt.
The Cuckoo—Dorothy Donovan.
Duet—Gladys Campbell.
March Lyric, On a Holiday—Louis Lashmet.
Rusting Leaves—Louise Lashmet.
The Waterlily.
Song of the Sea Shell.
Home Sweet Home—Dorothy Ellis.
The Blacksmith—Gladys Winter.
Mazurka—Floyd Lashmet.
Mermaid's Dance (2 pianos)—Elmore Stoldt (1st piano).
The Rocky Brooklet—Floyd Lashmet.
Throwing Kisses—Dorothy Walls.
Jan fare Militaire (2 pianos)—Floyd and Louise Lashmet (1st piano).
Miss Helen Ellis and Paul Lashmet also appeared on the program with credit to themselves and teacher.

Elmore Stoldt won the musical contest and received a very pretty harp shaped pin as prize winner.

MARKED IMPROVEMENT IN FOREIGN TRADE IS REFLECTED

Latest Reports to Department of Commerce Show Big Demand for Foodstuffs, Clothing and Other Manufactures.

Washington, Jan. 22—Marked improvement in the foreign trade of the United States is reflected in latest reports to the department of commerce, an official summary of which, issued today, follows:

Sales of foodstuffs and certain lines of manufactures have been unusually large in November, the latest period for which detailed information is at hand. In that month exports aggregated \$206,000,000 or double the total for August last when, by reason of the outbreak of war, our foreign trade fell to the lowest level reached in many years. In December there was further improvement, the month's exports being valued at \$246,000,000, compared with \$233,000,000 in December, 1913 and within \$4,000,000 of the high record established in December 1912.

An analysis of the trade figures published in the summary of foreign commerce shows that while American cotton, mineral oils, naval stores, lumber and agricultural implements are in less demand abroad than in former years there is a demand in foreign countries for our breadstuffs, meats, sugar, clothing and other manufactures, especially in Europe.

A citation of a few of the larger factors in our foreign trade will illustrate more clearly this fact. Of breadstuffs the November exports exceeded in value forty million dollars or four times as much as in November, 1913, of commercial automobiles the month's exports aggregated 1-4 million dollars or 22 times the value exported in November, 1913; of eggs, 1-4 million dollars, or three times as much; of sole leather 3-4 millions dollars or 8 times as much as in November of the previous year; of cotton manufactures, 5-1-2 million dollars or 30 per cent above the figures of the preceding November; of men's boots and shoes 1-4 million dollars, an increase of sixty per cent; and of cotton seed oil cake and meal 2-1-2 million dollars, an increase of 50 per cent. Of especial interest is the remarkable growth in exports of refined sugar and woolen goods, the former increasing from \$177,000 to \$2,386,000 and the latter from \$440,000 to \$3,048,000 when November, 1913, is compared with the corresponding month of last year.

PLAN FOR ROAD MEETING.

The committee which has in charge the arrangements for the road meeting to be held in Jacksonville sometime in February has encountered some difficulties in securing speakers. Governor Dunne had promised to be here for the principal address, but recently indicated that on account of political meetings in Springfield that he very much fears he will be unable to leave the capital. Another speaker which the committee had in view has also found it impossible to come, and this has necessitated the consideration of others. Within a short time a definite announcement is expected as to the speakers the committee has been able to secure.

PUBLIC SALE.

Wednesday, Feb. 3rd, W. E. McCurley will sell at his farm 1-1-2 miles south of Woodson, a team of mules, team of draft mares, brown draft mare, grey mare and colt, other horses and colts, Shetland pony, several extra good cows and heifers, Holstein and Jersey, a lot of full blood Duroc shoats and hogs, and a large list of all kinds of farm implements, vehicles and machinery. Sale to begin at ten a. m.

DREDGERS FINISH WORK.

The men who have been working with the dredge boat have completed their task and returned to their homes. Most of the eight men besides the manager, reside near Toledo, Ohio.

Edward Cade of Woodson was a visitor in the city yesterday.

HAS ALEXANDER FOUND THE SAME?

The Answer is Found in the Straightforward Statement of an Alexander Resident.

We have been reading week after week in the local press of Jacksonville citizens who have been rid of distressing kidney and bladder troubles by Doan's Kidney Pills, and we have often wondered whether the same high opinion of this medicine is to be found in our neighboring towns. This frank and earnest statement by a well-known and respected resident of Alexander will set this doubt at rest.

J. Tankersley, coal dealer, Box 7, Alexander, says: "I cheerfully recommend Doan's Kidney Pills for kidney trouble. They have relieved me of a very severe case of this complaint after several doctors had failed to help me. I was induced to try them after seeing what they had done for a friend. I know that Doan's Kidney Pills live up to all the claims made for them."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Tankersley had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement.

MOST NOTEWORTHY IMPROVEMENT CONTINUES IN FOREIGN TRADE

Financial Conditions Reveal Increasing Strength Week by Week—Better Conditions Prevail in Coal.

New York, Jan. 22—R. G. Dun & company's review of trade will say tomorrow:

"Trade conditions continue to improve slowly confidence in the future developing more rapidly than actual commercial activity."

The most noteworthy improvement continues to be in foreign trade. Financial conditions reveal increasing strength week by week. The records of the New York stock exchange reveal an increasing breadth and strength in the market for securities. Railroad managers, encouraged by the recent rate decision, are displaying more confidence and several of the important lines are contracting with some degree of freedom for rails and other supplies. Railroad gross earnings for two weeks of January declined 7.75 per cent but this is a marked improvement over the three preceding months. Reports from the iron and steel trade are of increasing activity although the total output is still below capacity.

"The textiles are moving with greater freedom and confidence and showing a tendency toward higher prices. Building operations are held back by unfavorable weather but better conditions prevail in coal and there is an increasing output of copper."

"Wheat exports for the week were 5,934,134 bushels against 4,002,436 in 1914."

Bank exchanges aggregated \$2,765,014,563, a decrease of 11.1 per cent as compared with \$3,109,406,773 in the same week last year.

"Failures in the United States were 713 against 456 in the same week last year; in Canada 87 against 48 last year."

SUGGESTIONS MADE TO RURAL ROUTE PATRONS

A Little Forethought on Their Part Will Materially Aid the Carriers and Better the Service.

The following pertinent suggestions for rural route patrons were published in the Manhattan, Kas., Daily Nationalist, some time since but apply to patrons in any state.

"First—Purchase stamps and envelopes and have all mail ready to cards before depositing them in your mail box, and especially do this for your carrier in all bad weather. Did ever you think how cold it would be for the rural carrier to take off his wraps and gloves and pick up small coins out of your mail box? Have you a little cup in your box to place the coins in? If not your carrier would like to see one in there tomorrow morning. He carries for the patrons a supply of stamps, cards and stamped envelopes, so that the patrons may buy in sufficient quantities to enable them to stamp all mail before it is left in the box."

"Second—Is your box well located? It should be set away from the fence on a solid post, and about four feet above the ground, in a position that the carrier may drive very close to it, and easily open same without unwrapping."

"Third—Has your box a sign on it? If it has not, and there should happen to be no mail for you some day, then your outgoing mail is most likely to be left in the box, as carriers are not instructed to look for mail only in the boxes where the sign is shown of outgoing mail. Any simple sign that is easily seen when displayed is all that is necessary."

"Fourth—If you have any friends visiting you and they want their mail to come to your box you should mention it to the carrier and he will watch for same at the post-office, should it not come addressed in your care. Visitors' mail most often comes without special address."

"Fifth—Do you receive any parcel post packages? Some kind of a large box placed at a convenient position, though it sits on the ground to place package on the snow or dampened ground. You do not want your packages lost, but have you provided it?"

"Sixth—Bad road conditions are a great drawback to rural delivery. All patrons should insist on township officers keeping road over which arrier travels in best possible condition. You travel over this same road, and aside from helping your carrier deliver your mail earlier and more promptly, you have the pleasure and satisfaction of traveling over a smooth, well kept road."

"When the snow drifts around your box, see that it is cleared away and the road open to your box by the time your carrier comes. Remember, the Postoffice Department does not require him to get out of his vehicle to get to a box. The carrier is not supposed to venture into snowdrifts or mud."

"These are only a few of the ways you can assist in prompt delivery of your mail. Your carrier will appreciate all courtesies and will do his best to always return good for good."

WILL VISIT IN SOUTH.

Mr. and Mrs. Richard C. Reynolds, 1405 West College avenue, are contemplating a southern sojourn during which they will visit in Louisiana with a sister of Mrs. Reynolds. They expected to leave Jacksonville tomorrow.

WILL COME TO CITY.

George Forwood of Shipman, Ill., was in Jacksonville Friday making arrangements for the removal of his family here. Mr. Forwood, who was engaged in the dairy business in Macoupin county, expects to make the change about March 1.

LUKEMAN BROS CLEARANCE SALE

If you have been waiting for this, we are coming to meet you with merchandise at prices never quoted before in the history of clearance sales. And the high standard merchandise we have to offer should bring you here—if for no other reason. Hirsh, Wickwire Co., Stratford, Dress Well, L System, and Michael Sterns' Clothes are the makes we have. Look all around, but before buying come here, as we intend to make this sale an item long to be remembered by the values we will give you.

AT THE CAR SHOPS.

Things are moving rather quickly at present and not the whole force are at work. There are some in each department and all will be put to work just as soon as circumstances will permit.

Trains on the C. P. & St. L. road were generally on time yesterday. The local freight landed on time in the morning and the passenger trains were about on schedule hours.

Leo Hagerty, blacksmith helper, has gone to Springfield to attend the funeral of a relative.

Number 31 will soon be ready for business again and is looking firm and all right since the overhauling given it.

Engine 64, freighter, will go out in a day or two. Everything about it is ready and yesterday they were giving it the preliminary oiling.

Mrs. Scott, wife of Henry Scott truck man, is sick.

Peter Meany, helper in the blacksmith shop, is laid off by illness.

Frank DeFrates will be the one to handle the big gears in the boiler house shortly.

R. G. Stacy has returned to work after laying off several days on account of the accidental death of his brother. His place is in the blacksmith shop.

TEXAS FEDERAL HIGHWAY BIDS

Austin, Tex., Jan. 22—Bids were opened here today for the construction of the first federal highway in Texas. The proposed road is between Austin and San Antonio, and will be 71 miles in length, exclusive of the mileage within the limits of towns at terminals and intermediate points. The United States will furnish one-third of the construction cost, which will run to some \$240,000. The county of Texas through which the road will pass will furnish the balance of the construction fund. It is expected that the road will be finished next fall. Chief Engineer Crossland of the federal office of public roads is in charge of the federal end of the deal.

THE ICY WALK

I slipped and fell; you heard me yell, you heard me scream like thunder, as I fell flat and spoiled my hat, and broke the sidewalk under.

I lie in bed with painful head, and legs done up in plaster, and all the day I roast the jay who caused that dire disaster. The glare of ice was there, and yet he strode so ashes; I score his gall, and use up all the aspirins and dashes. An easy thing it is to find some ashes on the plank; do that, and then the soles of man your kindness will be thanking. But those who slip and break a hip or sprain a neck or ankle, on naked ice, will not act nice; the words they use will rankle. The thoughtful act that's born of tact is like a benediction; it takes the smarts from troubled hearts and lessens grief and friction. The kindly deed will for you plead when from this world you're skated; the little things will give you wings, when you're at last translated.

OFFICERS OF THE WOMAN'S RELIEF CORPS INSTALLATION.

Ceremonies Took Place at Hall Friday Afternoon.

The ladies of the Woman's Relief Corps had their installation of officers yesterday afternoon. They invited the members of Matt Starr Post G. A. R. to be with them and a very enjoyable time was had. The work was done by Mrs. Belle Hopper who performed her duties in a very capable and impressive manner and after the ceremonial part of the affair was over the ladies served refreshments and a social hour was enjoyed by all.

The following ladies were installed:

Mrs. Mary G. Jordan, president.
Mrs. Anna Ferguson, senior vice president.

Mrs. Ema Funk, junior vice president.

Mrs. Mary N. Waller, treasurer.

Mrs. Eva Wells, chaplain.

Mrs. Lula Wakely, conductor.

Mrs. Marie Taylor, guard.

Mrs. Naomi Wharton, secretary.

Mrs. Mary Jordan, press correspondent.

Mrs. Mary E. Taylor, musician.

Mrs. Genevieve Lucas, assistant conductor.

Mrs. Angie Weber, assistant guard.

Mrs. Cornelia Tiffe, first color bearer.

Mrs. Martha Day, second color bearer.

Mrs. Rose DeFrates, third color bearer.

Mrs. Alice Scott, fourth color bearer.

Mrs. Martha Day, delegate to state convention.

Mrs. Rose DeFrates, alternate.

The Relief comprises some of the best ladies of the city and their work is highly commendable. They act as their name indicates and always ready to tender relief to a worthy veteran in distress or need. Their record is most commendable and worthy of praise.

R. N. Robson of Manchester made a trip to the city yesterday.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off With Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Change the blood, the bowels and the liver with Olive Tablets.

Dr. Edwards' Olive Tablets are the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil, you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look.

10c and 25c per box. All druggists.

MOTHER! THE CHILD IS COSTIVE, BILIOUS

Look, Mothers! If Tongue is Coated Give "California Syrup of Figs."

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach-achy, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well playful child again.

Mothers can rest easy after giving this harmless "fruit laxative", because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs"; then see that it is made by the "California Fig Syrup Company."—Advertisement.

NURSES IN THE WAR.

What the Women are Doing.

The women of the Red Cross are nursing, cheering and comforting the wounded or dying. The women of Europe not only wrap bandages, scrape the lint, but they tend farms, dig coal, carry burdens and do the work of the men now under arms. Every male fighter, however brawny and heroic, was born of woman; the high courage and hardihood that are a nation's strength are inherited from the mother.

Young mothers who preserve the charms of face and figure in spite of an increasing family and the care of growing children are always to be envied. Dr. Pierce's Favorite Prescription gives the strength and health upon which happy motherhood depends. It practically does away with the pains of maternity. It enables the mother to nourish the infant life depending on her, and enjoy the development of a perfectly healthy child.

Thousands of women who are now blessed with robust health cannot understand why thousands of other women continue to worry and suffer from ailments peculiar to women when they can obtain for a trifling sum Dr. Pierce's Favorite Prescription, which will surely and quickly banish all pain, distress and misery and restore the womanly functions of perfect health.—Adv.

IMPORTANT SPECIAL OFFER TO READERS OF THIS PAPER
Any person desiring a copy of The People's Common Sense Medical Adviser before the edition is exhausted should send this notice together with 20 cents in stamps to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and a copy will be sent by return mail, all charges prepaid.—Adv.

EAT CABBAGE, FISH, SAUSAGE, NEW BREAD

"Pape's Diapiesin" Digests Food When Stomach Can't—Cures Indigestion.

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, let this down: Pape's Diapiesin digests everything leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered, you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapiesin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapiesin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty cent case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.—Advertisement.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoonful at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

500,000 men have gone back to work in the United States during the past two weeks, and the tide of prosperity is rising, according to close observers.

ADVERTISING AND MARKETING APPLES

ORCHARD ENTERPRISES CAN'T BE RUN ON WIND

Middlemen Fill an Important Place in the Modern, Commercial and Industrial Life of the Community—Co-Operation Necessary for Marked Success.

(By Louis Erb, Cedar Gap, Missouri, Before State Horticultural Meeting at University of Illinois, Dec. 14, 1914.)

There was much in the public press last summer and fall about the "enormous" apple crop in the United States and Canada. Some of the papers went almost so far as to say that apples wouldn't be worth any money this season on account of the size of the crop and the war in Europe, which would interfere with the export business, and should therefore be bought for a song and dance to keep the buyers from going broke.

Not a word was said about how the poor apple growers would meet their expenses of caring for the orchards, of harvesting and packing the crop, or of paying off a possible mortgage that might be resting on the farm.

I know the apple growers are practical men and don't care much about sympathy, but they are human and have feelings like other people, and it would have some comfort to them if somebody had considered their side of the apple game. Even the national government took sides against apple growers by over-estimating the crop, instead of buying ships, which were lying idle in our harbors and could have been had on reasonable terms, to enable us to export our surplus in American ships to Spanish America and other countries where our apples are wanted.

The only friends we have are the Apple Advertisers of America who tell the people that there are 197 ways in which to prepare apples for human food, and when their work is thoroughly accomplished we will have less trouble in marketing our apples no matter how large the crops may be.

Rejection of Apples.
Rejecting apples because they are not fancy or extra fancy, or don't suit the fellow at the other end for other reasons, will then be the exception rather than the rule, for in those 197 ways most any kind of a sound apple will fit in somewhere. An apple then won't need to be the size of a cantaloupe or have the color of the rainbow to be used for apple sauce or similar purpose.

And then again, when there is a larger and more active demand for our apples on the part of the consumers the dealers will not be quite as particular as they have been in recent years in demanding better apples than it is possible to furnish without throwing one half of our crop into the cull pile.

Of course, they will tell you ship all your apples that do not class fancy or extra fancy in bulk, or evaporate them, or make cider of them, but what do you get out of your bulk apples unless you happen to strike a fellow that isn't a kickee or one who will buy them and pay you for them at your loading station?

Now while there are some good houses, who handle bulk shipments, many of the dealers in that business are not reliable, and to ship bulk apples to them on orders and take chances of getting your money afterwards is a most unsatisfactory way of doing business and generally ends in heavy losses.

On the other hand to consign bulk apples to Tom, Dick and Harry, although they may give you bank references, is even worse and in my experience has not been satisfactory, now when it comes to evaporating and making cider that sounds plausible enough theoretically, but where does the money come in when you are offered only four cents per pound for your evaporated fruit and four cents per gallon for your cider as is the case at the present time? Ask the average fancy apple dealer on South Water Street and he will tell you, "that's your funeral and does not concern me."

It has often occurred to me that it would be a good idea to have some of our fancy dealers throughout the country try running apple orchards for their own account for a few years and then they would soon learn to have a little more regard and consideration for the men who are steadily engaged in that line of business. They would also find out that orchard enterprises can not be run on wind.

Problem of Middlemen.
There has been a good deal said in recent times against the so-called middlemen and something about eliminating them, because of the high cost of living for which they are unjustly blamed. I take no stock in this sort of talk for the middlemen fill an important place in our modern, commercial and industrial life, and with some exception they are as honorable a class of men as you can find in any other calling. Besides we apple growers need them about as badly as they need us, for it is all nonsense to talk about us, commercial apple growers supplying the retailers direct.

But while we need the middlemen, or wholesale dealers, or commission merchants, in the distribu-

JERSEY FAMOUS FOR ITS CATTLE

ISLAND OFF FRANCE RICH IN FARMING INTERESTS.

Visit Made to "Oaklands" Farm Where Herds of Splendid Cows Are Kept and Splendid Surroundings Noted for the Care and Production of Stock.

(By E. M. Clark, Formerly of the University of Illinois.)

The little island of Jersey, which in the minds of all dairymen is famous for its cattle, is exceedingly interesting to the tourist whether he is a student of agriculture or simply a seeker for the quaint and beautiful. Jersey is one of the Channel Isles and lies about fifteen miles off the northwest coast of France. While it is the largest of this group of small islands, yet it is very diminutive in size, being only twelve miles long and seven wide with a total area of 28,717 acres.

At present, farming is the chief occupation of the Jersey people, but in the days gone by, before the advent of steel ships, boat building was extensively practiced. The population of this little island is about 53,000 which appears, at first thought, rather low. However, when we consider that there are about two people to each acre and that the larger part of this population derives its sustenance from the soil, we then appreciate to some degree how intensive agriculture has to be practiced to support the folk of this populous island.

The "Cow Beautiful."

As we rode on we visited here and there the more prominent breeders of the "cow beautiful". When we reached Mr. Leonard's farm the cows were being milked and of course we had a very generous helping of fresh, rich milk. After showing us his herd of thirty cows and eighty-acre farm, Mr. Leonard hitched his sleek, plump horse to the two wheeled trap and took us through a puzzle of twisting lanes to visit Mr. Le Boutillier, the breeder of the famous cow, Lady Viola.

When returning to Mr. Leonard's home we drove past some of the highest priced land on the island. This land is located on a steep slope with a southern exposure and on that account it is "early" and being "early" it is ideal for potatoes and tomatoes which go to the English markets. The rental of this particular bit of seemingly worthless soil is about \$180 per acre per year.

"Oaklands" Farm.
A visit to the "Oaklands" farm, owned by Mr. J. A. Perree, exceeded our high expectations in every respect although previously we had heard much of this renowned farm and its better known owner. It will be remembered by most Jersey cattlemen that Mr. Perree is the breeder of Noble of Oaklands, that famous \$15,000 bull, now owned by the Elmendorf Farm in Kentucky.

The manager of the "Oaklands" farm was very generous in showing us the fine cows and a splendid row of bulls tethered on grass in a nearby lot. The dairy buildings were exceptionally well built and well cared for. A thing which especially interested the writer was the manner in which the manure was conserved on this farm. As the conservation of fertility in European agriculture is a subject much spoken of, the writer wishes to give a concrete example showing to some extent the degree of care given to farm manure. On the "Oaklands" farm is to be found a very substantial manure pit thirty-three feet long, ten feet deep, and nine feet wide, protected by a good roof supported on brick pillars. The liquid portion of the manure runs into a cistern beneath the pit. Pipes from the stable gutters also connect with this cistern. The liquid manure is pumped into a tank on wheels and sprayed on the land at the rate of five hundred gallons per acre.

Climate on Island.
As the climate on the Jersey Island is mild practically the entire year, the stock can be kept out of doors most of the time. However, stables are provided so as to house the stock in wet, chilly weather. The common practice is to tether the animals on grass or alfalfa, moving the length of their necks so they will not tramp or soil the fresh grass. Sowing crops such as peas, oats, and vetches are grown to some extent and produce excellent feed.

Jersey isle with her thrifty, whole souled farmers, her many fine cattle and her mild, delightful climate is indeed a haven of comfort and interest to all her observers.—In Hoard's Dairyman.

DENIES REPORTED AGREEMENT

El Paso, Texas, Jan. 21.—General Alvaro Obregon, commander of the main group of the Carranza forces, denied today in a telegram to local agents that he had entered into an agreement with General Bullo Gutierrez for the overthrow of Carranza.

tion of our products, I would like to see a little more evidence of co-operation on their part that would make the growing—and commercial handling of our apple crops mutually more satisfactory than has been the case in recent years.

KERNAIS FROM KORN BELT

(By Sol M. Quizer.)

Let Homer stand a little back I want to deal the lyre a thwack about the farmer who can't bear to hear good roads talk in the air. Who'd rather mire now and then than join in with the other men and build a grand good stone highway that will outlast him many a day.

Who grows it is a pack of fools who'd have consolidated schools, and young folks corn and canning clubs—why Homer's the proper place for cubs! Who says he's really heard enough of wash machines and such like stuff. He's not concerned to save his wife—he thinks her back will last her life.

Oh, yes, we know this fine old boy! He's not extinct in Illinois. He's done a good and noble work. He never was the one to shirk when all the state was rough and new with Herculean tasks to do. But now he feels life's naught but in with farmers letting comfort in.

APPLE GROWERS ORGANIZE.

Seattle, Wash., Jan. 22.—A convention of apple growers of the Northwest opened here today, with the object of organizing the industry. More efficient marketing, better organization for mutual aid in methods, and plans for booming the apple growing industry of this section were subjects of discussion. Growers were represented by delegates from Oregon, Idaho, Montana and Washington.

Christmas Savings Club

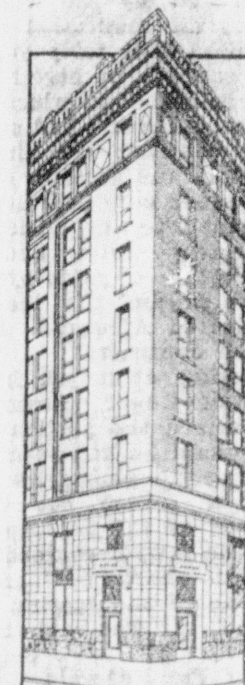

Which has been forming since December 21, 1914, at

The Ayers National Bank

IS STILL OPEN FOR YOU TO JOIN

AND INTEREST ON YOUR DEPOSITS WILL ACCRUE FROM DATE CLUB STARTED.

The Dimes, Nickels and Pennies you allow to slip through your fingers for things of little use to you will keep up your payments. Do not postpone joining for soon it will be too late.

When we opened our new Bank Building two years ago, we started our first Club and in December of that year paid about Seven Thousand Dollars.

One year ago, our second Club was started, and the week before Christmas we paid out to our Club members nearly Twenty-five Thousand Dollars.

This Money Went Into the Channels of Trade

The members had funds for their Christmas shopping and merchants were benefitted because the members had money to spend. Those who have tried it, like it, and they say they are going to join again.

You ask them what they think of it and what they say is the strongest proof of its advantages we can offer you.

It ought to amount to Fifty Thousand Dollars this year, and we believe it will. Just think what that will mean to you Christmas week of this year. Call and let Mr. J. J. Kelly, our Savings Teller, explain the plan to you.

FORCED SHOE SALE

This great money-saving event has been in progress ten days, with only five more to go. While hundreds have already taken advantage of the wonderful money-saving values, I am still quite a way from \$1,500 I must have by Saturday night, Jan. 16th, to satisfy my creditors. I have decided to cut my prices STILL LOWER regardless of cost for this final wind up of the greatest money-saving event ever pulled off in Jacksonville. Below I quote only a few of the many bargains to be found. I've got the shoes; you have got the money. Let us get together.

Lot No. 1 Superior \$5.00 and \$6.00 grade at \$2.90 Think of it, lower than manufacturers' cost	Lot No. 2 \$3.00, \$3.50 and \$4.00 Shoes in tans and blacks, lace or button, for this week only \$2.50 Lay in a supply now. Shoes will be higher	Lot No. 3 \$3.50 and \$4.00 Hannah and Superior \$2.60 Lot No. 4 Men's Overshoes cut to cost. \$1.20 and \$1.45 All this year's goods. No old stock. Only a few.
Lot No. 5 Ladies' \$3.50 Shoes at actual cost \$2.85 Patents in Cloth Tops or Kid. Duft, in all heels.	Lot No. 6 Ladies' \$3.00 Shoes at \$2.40 Dolls and Patents. High heel and low. In these are Baby Doll, Cloth Tops, Patent Button.	Lot No. 7 Odds and Ends in Ladies' Shoes. Some as high as \$4.00, 'n lace, only for \$1.50 Mostly small sizes

OUCH! MY BACK! RUB

LUMBAGO PAIN AWAY

Rub Backache Away With Small Trial Bottle of Old "St. Jacob's Oil".

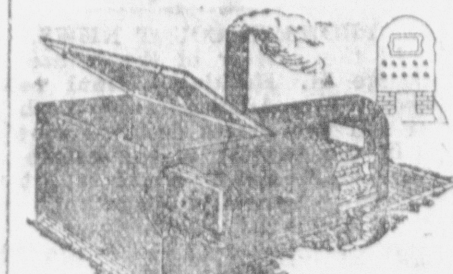

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints.—Advertisement.

CATTLE FEEDERS

Woods Improved Grain Softener

Pat. Applied for 100 bu. size.

The Woods Improved Grain Softener will add 100 per cent to the value of No. 2 corn for feeding cattle. It will add 50 per cent to feed for hogs and horses, and supplies the very feed to mix with silage for milk cows. If any one wishes these statements proven, I will furnish them a plant on six months trial, and if it proves my claims they help me sell my plants to their neighbors. If it fails I will refund all money paid to me for said plant. All plants are sold at \$8.00 per bu., cob measure, and guaranteed to do all I claim if used according to my directions.

We find by putting soda in the corn when cooking it helps make the corn more digestible enough to pay for the soda, and keeps the hogs in a healthy condition. We also make all the charcoal we need by closing the draft so it can not get air, when we have a bed of live coals.

Yours for producing more beef and pork.

**WHEAT PRICES RECEDE IN
THE LAST HALF OF SESSION**
Disposition to question Accuracy of
Reported Big New Export Sales
Cut Figure in Overcoming Fresh
Advance.
Chicago, Jan. 22.—Disposition
shown to question the accuracy of
reported big new sales to Europe
cut a figure today in overcoming
fresh advance in the price of wheat.
The market leaped easy, 1/2c off to
1/2c. Corn gained 1/2c to 1/2c net
and oats a sixteenth to 1/2c.
In provisions the finish varied
from 2 1/2c decline to a rise of 5c.
Estimates current that heretofore
unreported buying of wheat for
Europe amounted to more than
800,000 bushels were doubted not
because of lack of demand but be-
cause, in the absence of country sell-
ing the available supplies not be-
ing ready for export were said to be
so scarce that information as to
where the wheat was obtained was
wanted.
The incredulity and the dearth of
light were indicated by the market
in the last half of the day, receding
about 1/2c from the top figures of
the session. Argentine storms de-
laying harvest and diminishing ship-
ments were largely responsible for
lifting wheat prices in the first
hours of trading. Bullish sentiment
was further increased by assertions
that France was again buying but
scepticism later as to the genui-
ness of gossip about new export
port business seemed to be the rul-
ing force in the pit.
Corn sold at the highest figures
so far this season 79 1/2c May but the
market afterward reacted with
wheat. Rough weather through the
west counted against the bears and
so too did a falling off in rural
consignment notices. Holland and
other foreign countries were said
to be actively bidding for supplies.
Export sales of oats at the seaboard
were estimated at 900,000 bushels.
Shipping demand here for oats was
good.

FIX UP THE CHILDREN

The tired and nervous mother sometimes needs relief from her disturbing, uneasy infant.

It May Be Worms.

that are irritating the neck of the bladder, causing bedwetting—they will also make the child nervous, irritable, feverish and cause it to grate the teeth during sleep.

All this is very tiresome to mother—the loss of sleep and the worry soon tell on the nerves.

NYAL'S

Worm Syrup Will Kill the Worms and expel them without discomfort to baby—pleasant to take and absolutely harmless. It may be given with the full confidence that no harmful drugs are being administered.

The Price—25 Cents.

When we had a chance to get the exclusive selling agency for Nyal Family Remedies we jumped at it. They are known among all druggists as the highest quality line on the market, and are prepared by a great firm of manufacturing chemists, famous for fifty years.

ALBERT BROWN OPERATED ON FOR APPENDICITIS

The Joliet News has the following news item:

"Albert Brown, the youngest son of Dr. and Mrs. C. M. Brown, of Western avenue, who was operated on at St. Joseph's hospital this morning for appendicitis, underwent the ordeal splendidly and is doing well. Young Brown is a student at Armour Tech. He has been suffering with this trouble for about two weeks."

The many friends of the family here will be glad to know that the young man is improving steadily.

SOUTHERN RAILROAD MAN TESTIFIES AT ARBITRATION

J. H. Keefe Calculates Annual Increase in Payroll Will be About \$40,000,000 if Demands of Men are Granted.

Chicago, Jan. 22.—Had the demand of locomotive engineers and firemen that "engineers and firemen arriving at terminal or end of run are automatically released," been in effect during October, 1913, it would have increased the payrolls of western railroads an aggregate of \$621,128.

This testimony was given here today by J. H. Keefe, assistant general manager of Gulf, Colorado & Santa Fe railroad, before the board of arbitration in the western railroad wage case.

Other items which Keefe touched upon were the demands for hours which shall constitute a day's work which, he calculates, would have cost the roads \$168,943 that month; payment for initial terminal delay which would have cost \$111,944 and an assistant fireman on the heavier locomotives which he said would have added \$422,321 to the payrolls.

His figures were applied to an unusually busy month, it developed, but this month was selected he said because the demands of the men were made in it and because the activity of the carriers brought out the various services which figure in the demands. A more quiet month, it was admitted, would have shown somewhat different figures, particularly in the matter of overtime, which figured at \$297,000 increase for October.

Roughly Keefe calculated that the annual increase would be \$40,000,000 a year. The men figure that it would be much less.

EUROPEAN WAR NOTES

Paris, Jan. 22.—(11:05 p. m.)—The following official communication was issued by the war office tonight:

"To the south of Ypres the enemy has been more active than previously. Last night there was some rifle and cannon firing."

"In the region of the wood of St. Mard, we silenced a German battery."

"In the Argonne some very fierce attacks have taken place near Fontaine Madame at a field work called Marie Therese and to the south of Fontaine Jamette. At Fontaine Madame we repulsed the enemy after two vigorous counter-attacks."

"At the Marie Therese work, the fighting went on throughout the day. It was conducted with extreme energy by both sides. When night came we were holding all our positions."

"Some night attacks attempted by the enemy in the region of the Hartmann-Wieskopf Hills did not succeed. According to the latest reports the fighting still was going on there."

Petrograd, Russia, Jan. 22.—The following communication was given at army headquarters here today:

"On the right bank of the lower Vistula from the river up to Khorjela and further east, our troops continue to be in close touch with the enemy. Collisions of secondary importance are taking place."

"On the left bank of the Vistula and on the Dnietz there are no essential changes except the usual rifle shooting and cannonading at certain points."

"In Bukovina we have discovered the concentration of considerable Austrian forces."

"We sank on January 19th and 20th, several Turkish sailing vessels on the Black Sea and in the neighborhood of Khopa and Riza we burned, damaged Turkish military barracks, destroyed a light house and cannonaded a bridge."

Amsterdam, Holland, Jan. 22.—via London, Jan. 22.—(7:21 p. m.)

A correspondent of the Tijd who was received yesterday by Cardinal Mercier, declares that the Cardinal is still being prevented by the German military authorities from leaving his diocese or communicating with his bishops. The cardinal said that he was greatly pleased at the sympathetic manner in which is now famous pastoral letter appeared to be regarded abroad but he requested the interviewer not to touch on the question of his arrest, on account of the investigation and negotiations now proceeding. He promised that in time he would supplement the statement he had already made.

Amsterdam, Jan. 22.—via London, Jan. 23.—(1:20 a. m.)—The following Austrian official statement has been received here from Vienna:

"North of the Vistula river (southern Russian Poland) there was a violent artillery battle yesterday. Our artillery worked in the most southern Nida region and near Chenciny, where the Russian railway traffic was appreciably disturbed by a full shot on the railway station. Our artillery also had particular successes south of the Vistula."

"On some parts of the front our artillery battle is raging with changing strength."

"The situation in the Carpathians is unchanged."

SOCIAL EVENTS.

Mrs. Lloyd Brown and Mrs. Paul Thompson have issued invitations for a company to be given at Colonial Inn, Thursday, January 28, for Mrs. Miller, Miss Lassiter and Miss Henry Lassiter.

The Ladies' Aid society of Centenary church met Thursday afternoon at the home of Mrs. Emory on Franklin street with a large attendance. A very interesting talk on European travel was made by Miss Florence Taylor who spent last summer in Europe and returned just as the great war began. The whole occasion was one of great pleasure. The assistant hostesses were Mrs. Hyer, Mrs. Patton, Miss Hargrove and Miss Atkinson.

W. F. WIDMAYER'S NEW MARKET WILL BE OPENED TODAY

Establishment on East State Street
is Opposite Post Office—Modern
in Every Way.

W. F. Widmayer's new market on East State street will be opened today. It is located in the May building opposite the postoffice, in a room recently vacated by the Jacksonville Barber Supply company. Mr. Widmayer has gone to large expense in the fixtures for this room and it is certainly very attractive in appearance, and the equipment is of the most modern and sanitary type; in fact, all advance ideas from a sanitary and cleanly point of view have been carried out. Fred L. Gibson, who has for years been in Mr. Widmayer's West State street market, will have charge at the new market and a competent corps of assistants will also be there.

The high standard of service which Mr. Widmayer has maintained in his West State street business will be equalled in his new establishment, and if possible the old record will be excelled. A large advertisement of the new market appears on page 10 of this morning's issue, and a very attractive showing of prices will be found there, indicating that much need not by any means be considered a luxury in Jacksonville homes.

Miss Mildred Henderson and her brother, Clifford went to Litterberry yesterday to stay till Monday with their grandparents, Mr. and Mrs. C. P. Henderson.

SALE NEAR MURRAYVILLE

Good Crowd Present at Home of Mrs. J. E. Ashe.

A public sale was held Friday at the country residence of Mrs. J. E. Ashe, two miles southwest of Murrayville and despite the bad weather the attendance was very good. Mrs. Ashe will leave soon for California where she expects to reside with her two daughters. At noon Friday, lunch was served by the Ladies' Aid society of the Murrayville Methodist church. C. Justus Wright and J. E. Wright were auctioneers and W. B. Wright was clerk.

A considerable amount of furniture, all of which brought a fair price, was sold, along with the stock which sold as follows: hogs, \$12.60; brood sows, \$15.00; heifers, \$48.00; milch cows, \$74.00 and colts \$51.00 to \$56.00. Some chickens were sold at 50 cents per head and straw went at 25 cents per bale.

ENTERTAINMENT GIVEN BY SHORT FAMILY

The entertainment given last night in the grammar school building by the Short family, under the auspices of the members of the Junior Etude club, proved a big success. There was a large crowd present and the program was one of unusual merit. So enthusiastic was the audience that each member was heartily encored. The personnel of the family is Mr. and Mrs. Charles Short, Floreana, Floyd, Lucile and Marguerite Short, the youngest being seven years old. They gave all kinds of character songs, dressed in appropriate costumes and between acts Willard Wesner, Mrs. Short's brother gave piano selections, which were also meritorious. The club members were congratulated upon bringing the Short family to the city.

CHAMBER OF COMMERCE ANNUAL MEETING WILL BE HELD FEB. 2ND

Luncheon and Program to Be Part
of the Proceedings—Amendments
Proposed.

As previously announced, the annual meeting of the Chamber of Commerce will be held Tuesday evening, Feb. 2, at 7:30 o'clock in the Odd Fellows' hall on West State street. At this session reports of the various departments will be heard, and seven directors will be chosen to take the place of those whose terms have expired. A luncheon will be served and there will be an enjoyable program in addition to the business part of the evening's proceedings, and it is confidently expected that there will be a large representation of the membership present.

At this session amendments will be considered, the most important of which, if adopted, will provide for a new system in the choice of the president. Contrary to the rules of most such organizations, in the past the president of the association has been selected by the membership at large instead of by the directors elected by the members. This has at least once resulted in the choice of a president who could not accept the office. This is only one reason why a number of the members believe that it would be the better plan for the directors to choose the president.

This proposed amendment and another which proposes to outline the status of members in arrears are mentioned in the letter sent to each member.

Proposed Amendments.
Amend Section Two of Article V. by striking out the words "president and" so that the first sentence of said section shall read "The directors shall be elected by the association at its annual meeting."

Amend Section Four of Article V. by inserting the words, "the president" at the beginning of the section so that said section shall read "The president, the vice-president, the secretary and the treasurer shall be elected by the directors at their first meeting after the annual meeting of the association."

Amend Section Three of Article XV by inserting the words "for more than sixty days" after the word "arrears" so that the first clause of said section shall read "No member of the association who is in arrears for more than sixty days for his membership fees shall be entitled to vote at any election or at any meeting of the association."

Rev. Christie Brown of Winona Lake, Indiana, secretary of the World's Bible Conference, was a visitor in the city yesterday.

COURSE OF RIGHT CONDUCT OUTLINED IN SERMON

Audience at Northminster Hears
Emphasis Laid Upon Need for
Obedience.

Although the weather was bad last evening, many attended the meeting at Northminster church, where a good sermon was delivered from I Sam. 2:30, "Them that honor me I will honor but they that despise me shall be lightly esteemed." The usual song service of half an hour was enjoyed as was the solo, "Whoever Will," by Prof. Beckman.

The words of the text taken by Rev. W. E. Spooner had been uttered to Eli who had been guilty of remissness regarding the rearing of his sons so that the priesthood would be transferred to more worthy persons. We have here two courses of conduct and the result of each. God may be honored by all. We cannot add to His glory for He is absolute perfection yet we may make known His glory in many ways.

We may obey His commands, in a prompt, unhesitating manner. He has said, "To obey is better than sacrifices and obedience than the fat of rams." We should patiently bear what He inflicts. Here the aged, the infirm, the invalid, the bedridden, may set a good example by enduring with patience His decrees. Think what an example Job set to the world by his patient enduring of the affliction sent on him.

We should believe in Him and in what He has promised. Unbelief dishonors Him sadly. We should acknowledge Him in all places as did Joseph in Egypt and Daniel in Babylon. We should acknowledge Him in our praises and in His worship from day to day and week to week. We should attend regularly His house of worship in a devout and spiritual frame of mind. He will honor this kind of conduct in many ways. He will give revelations of His will. He will give His guidance and presence in all things. He will adopt us—give us new names and privileges. He will use us for His glory; He will acknowledge us as the day of judgement; He will crown us with eternal glory.

On the other hand, think what awaits the man who despises Him. His servants, His Son, His people, His day, His name, His ordinances; His Mercy. It is sad to lose the esteem of friends but who can describe the sadness of losing the esteem of the Creator? It means being exiled from light and blessedness in this world and cursed in the day of judgement. Think of the awful fate of Cain, the sons of Eli, Pharaoh, King Saul, Ahab and others. God is the fountain of true honor and true religion honors God and puts the highest dignity on man. Impiety dishonors God and ruins man; to be truly good is to be truly great.

"Most people that slide back never had anything to slide from. You that go to the park instead of going to prayer meeting—it would take a double, compound microscope to find your religion."

"American Fence" costs more, weighs more, WORKS more. Gay's Reliable Hardware.

TO ENTERTAIN CLASS.
One of the dancing classes of Miss Helen Robinson, which is just completing their first term, composed of Helen Allcott, Ida Widmayer, Hazel Widmayer, Helen Adams, Isabel Woodman, Grace Alexander, Mary Alexander, Virginia Whitley, Mary Beth Fox, Lora Baneroff, Charles Widmayer, Mark Robinson, Edwin Smith, Lawrence Henderson, Francis Doan, John Strawn, Harold Dunlap, Worthington Adams, Russell McDonald and Joel Crouch were entertained at a party last evening by their teacher. Miss Robinson will also give a recital in her studio by a class of young girls in gymnastic and aesthetic next Saturday afternoon at 4 o'clock. She is also planning for a series of tea dances for her pupils Thursday during February.

This is the last day of Hillerby's half-price remnant sale. Be sure and come. This evening double S. & H. green trading stamps will be given from 6 till 9.

ILLINOIS RATE CAMPAIGN.
Railroad companies of Illinois will take immediate steps to obtain repeal of the 2-cent passenger rate law, it was announced yesterday. An increase of one-half cent a mile will be asked. The increase, it is estimated, would raise the transcontinental companies' revenues by \$1,000,000 annually. Committees are being named, it was announced, to make state-wide tours in the interest of the railroads. Campaigns similar to the one planned for Illinois will be made in Michigan, Indiana, Ohio and Wisconsin, it was said.

Try Claus' 25c Coffee for good results.

IS ASSISTANT TO
C. B. & Q. PRESIDENT

A. W. Newton has been appointed assistant to the president of the Chicago and Quincy road. Mr. Newton has been with the company since March, 1903, starting in as engineer of construction on the lines in the Missouri district. He will have charge of matters pertaining to federal valuation. He was formerly an employee of the Chicago and Alton, being located in Bloomington during President S. M. Felton's administration.
